

# EMPOWERING YOUTH FOR A SUSTAINABLE FUTURE

## About the Project

"Youth Seeds for a Just Transition" empowers young people to engage in democratic processes and sustainable development through collaboration and innovation.

## Target Group

- Youth (16–25 years old), including NEETs and those with fewer opportunities.
- Youth workers and civil servants from local authorities.
- Decision-makers, including elected officials and policy experts.

### Objectives

Amplify youth representation in decision-making.

Promote active participation in a fair transition.

Build capacity for sustainable collaborations.

## Project Results

- Increased youth engagement in transitions.
- Tools and prototypes for local challenges.
- Stronger networks between youth and decision-makers.

## Activities

Workshops, Online Training, Peer Learning, Campus Events, Service Prototyping
